DEUTCSH SUMMER PD

We spent professional develop time at Deutsch advertising agency learning about what skills our students need to be successful in a design-centered industry. Deutsch is a company who operates the idea to "Care the Most" which tightly aligns to our signature DVD Design Process.

EXHIBITION 2018

In each class, the 11th grade students will research some aspect of American life and work to analyze, interpret, predict, and make conclusions about what it means to be an American today. They will aim to answer the question, "What does it mean to be an 'American'?"

They will synthesize all of their findings from each class and create a cohesive zine that will answer the driving question above.
