

CEDAR-SINAI CAREER TRAINING

Through Cedar-Sinai's Teen Volunteers Program for area middle school and high school students, the hospital hopes to inspire and nurture the next generation of doctors, nurses, and other healthcare professionals. They give young people, many from disadvantaged homes, a head start on discovering productive and meaningful careers in healthcare. Volunteers are ages 14 to 18. **For more info call (310) 423-8044 or visit cedars-sinai.org/community/programs/career-training.html**

TEEN VOLUNTEERS HAVE THE OPPORTUNITY TO:

- Perform either clinical or clerical duties
- Assist the nursing station
- Delivering flowers and magazines
- Interacting with patients
- Answer phones
- File
- Do computer work
